DISCUSSION TIME

Make it Simple

- The goal is reading the Bible, so try not to make it a long discussion, especially if you have younger children.
- If you have a mixture of younger and older children, find one-on-one times with the older kids for further conversation.

Ideas for Questions

- Use the questions at the back of each reading in Laugh & Grow for younger children.
- Use the Unfolding Grace Study Guide for adults and older children.

Pray
