

This Bible reading plan consists of some of the richest chapters in the Bible. This year, we encourage you to spend one month reading one chapter of the Bible. Each month will feature a different book of the Bible.

Each month, you should break the chapter into sections to read the entire chapter in one week. You will do this over again each week. Most months, you will go through each chapter 4-5 times. While you read each chapter slowly and multiple times each month, consider journaling your thoughts and turning the scripture into prayers for yourself and others.

JANUARY	ISAIAH 40	
FEBRUARY	ROMANS 8	
MARCH	COLOSSIANS 1
